

# CAPTURE YOUR INTERVIEW

This template will help you to structure your interview notes and summarize your main findings. It will help your peers to learn about your most interesting and surprising findings.

## 1. Who did you talk to? (Describe the person and his/her environment.)

## 2. What stood out to you in the interview?

Go through your interview notes and summarize some of your most interesting findings. These can be surprising or contradictory things that you heard from your interviewee. Try to use your interviewee's words, don't interpret yet! (share at least three points)

## INTERVIEW QUESTIONS & REFLECTIONS

Reflect on your interview experience. This will help your peers to get an idea about your interview setting and learning path.

3. What was the **topic** of your interview?

4. Please list your **interview questions** here in a chronological order.

5. Please **reflect on your interview experience**: Tell us what worked and did not work in your interview. What would you do differently next time?
