

Capture a workaround from your own context and share it with us.
Describe what the potential motivation or need behind this workaround might be.

1. When... (describe a **situation**.)

2. She/He/I want(s) to... (describe the potential **motivation** or **need**.)

3. So that she/he/I can... (what is the **expected outcome**?)

4. A workaround in one context might be a common practice in another. Considering the global community of learners in this course, we encourage you to **describe the context and why you picked the workaround in the picture in one or two sentences:**
